

HEAD OF TECHNOLOGY

JOB TITLE: Head of Technology

REPORTS TO: CEO

LOCATION: Cape Town or Johannesburg

An exciting opportunity is available for a Head of Technology based in either our Cape Town or Johannesburg Offices.

The FS Group has been on a 50-year journey to protect lives and assets through cutting-edge fire and enterprise security technology, and we'll be doing this for the next 50 years. We are a diverse, agile team of intrapreneurs, specialists, professionals, and collaborators - and we're a lot of fun to work with.

The team member we are looking to bring on board **will be responsible for:**

- Developing and nurturing our entire “go to market” technology stack. Inclusive of APIs, Software and Hardware Integrations, and choice of OEM hardware solutions.
- Working with the commercial teams to identify gaps in our current Technology Stack, and prioritize new products and developments to address the most critical needs.
- Act as project champion on complex systems optimization and integration projects. Both internal and external projects.
- Work closely with commercial and marketing teams in taking our Technology Stack to market.

The **role will report** directly to our Group CEO and will be part of the executive management team. The role will be responsible for supporting all our entities across the entire Sub-Sahara Africa & other Emerging Markets.

We are looking for some with the following **skills and experience:**

- Solid experience in managing software and hardware development eco-systems. i.e. Working with 3rd party developers, internal stakeholders, OEM product manufacturers, etc.
- Solid understanding of REST APIs, GUIs, and integration frameworks
- Solid experience in working with Low Voltage OEM Hardware, and IP networks will be a distinct advantage
- Engineering Degree or similar Technical Qualification.

When hiring, we look for team members who **align with our values** and believe in delivering excellent customer service, have integrity, maintain a high standard of work, are creative and innovative, are highly passionate, high performing, and believe in constantly upskilling themselves.
